

ILYM FUN LOG

Snack Coordinator

Snacks are generally served at around 10:30 a.m. The snack coordinator purchases and distributes (or finds someone to distribute) the snacks to all of the FUN groups each morning (Thursday – Saturday).

Simple snacks such as juice, crackers, cheese, peanut butter, fruit slices, and trail mix work best.

In 1998, the snack coordinator prepared snack boxes ahead of time for each age group. Each contained juice boxes, pretzels, crackers, peanut butter (the kind of foods that do not need refrigeration) as well as napkins and utensils. Teachers could keep these boxes handy and feed the children as needed or when it fits into their program. In 2010 the Middle School group distributed the snacks.

The planning group should decide how snacks will be purchased and served. (The kitchen can often supply leftovers for snacks, but it is best to have non-perishable items). In 2009, the cook ordered snacks with the other food ordered. Contact Zach if you want to do this. A supply of napkins and cups can be found in the bottom cabinet behind the serving table in the dining room and additional supplies in the east meetinghouse storage shed. Napkins and paper cups are purchased by the the Site Prep Purchasing Coordinator.

Be sure to check for any food allergies. Snacks will need to be prepared somewhere OTHER than the kitchen as the cooks will be busy cooking at that time.

Save all receipts and give to the Overall FUN Coordinator or to the ILYM Treasurer for reimbursement.
