CABIN CLEANUP

When leaving cabins at the end of Annuals Sessions, please complete the following list of tasks. This will greatly help getting the overall cleanup of the campus done in a timely manner. Thank you.

- ___ remove/disconnect battery in smoke detector (if not possible to leave in detector, place it where it is clearly visible).
- ___ Remove flashlight battery and set on the 2x4 (on the floor) below the flashlight.
- ___ Empty all trash into dumpster.
- ___ Close windows, but do not latch.
- ___ Close doors. Lock back door. Leave front door unlocked.
- ___ Sweep floor.

Cabins should be vacated by 1 p.m. on Sunday for cleaning.

If you are doing this final cleaning and/or participating in other final cleanup task and have nowhere else to place your items until you leave, you can place your personal items all packed-up, ready to go, on a mattress before 1 p.m.
