CONTRIBUTION TO ILYM

Fees for ILYM are very low when compared with the fees for other yearly meeting's Annual Sessions. The cost is low because the fees cover only the direct costs for Annual Sessions. The yearly meeting annual budget (supported by contributions from monthly meetings and individuals) and special donations cover all expenses for maintenance and improvement of the yearly meeting campus as well as the expenses for the work of the yearly meeting.

Please consider contributing an additional amount which will help support maintenance and improvement of the yearly meeting campus and the work of the yearly meeting. Contributions will go to the General Operating fund. If you would like some or all of the following contribution amount to go to the Property Improvement Fund or the Current Projects Fund, please note the amounts in the comments box below.

Processing a credit card payment incurs a fee of 2.9% plus 30¢ per transaction (~\$1.55 per \$50). Please take this into consideration when paying a fee or donating to ILYM with a credit card.
