# KITCHEN TASKS

## **In the dining room**

shake bread crumbs out of toasters and clean inside of microwaves

take the large plastic coffee/tea/etc. bin to the Clear Creek House

clean coffee pots and drink coolers, including the spigots

after coffee pots and drink coolers are dry, store cords and other parts inside and keep out dirt and critters by closing lids tightly when possible or, if not possible, storing in WHITE trash bags only (to avoid the pesticides in black trash bags)

unplug refrigerator and clean with 2 tbsp baking soda to 1 qt water, leaving door slightly ajar when finished (if the fridge isn't empty, let the Overall Food Coordinator know so food can be dealt with)

## **In the kitchen**

clean pots, pans, pitchers, etc. so they can fully dry and be put away (usually done as part of lunch dishwashing)

make sure all pots, pans, pitchers, etc. are clean, dry and stored on shelves in storage bins or WHITE plastic bags (to avoid pesticides in black bags), as appropriate

put all of the utensils and knives away, either inside a storage container or hanging above the island

put all food processor parts in the same storage container

turn off the LP gas lines to the ranges using the levers located behind them (pilot lights will go out as gas in line is depleted)

clean food and grease from the stove tops, griddle, and ovens, including the grease trap next to the griddle

unplug refrigerators and freezer and clean with 2 tbsp baking soda to 1 qt water, leaving doors slightly ajar when finished (if these aren't empty, let the Overall Food Coordinator know so food can be dealt with)

sort and store all cleaning supplies on shelves in the recycling room

store all clean cloth items in labeled plastic containers

completely close down and turn off water and power controls for the dishwasher, pulling out BOTH food filters inside the dishwasher but storing them inside the dishwasher

double check that the Recycling Coordinator has put all trash in the dumpster, compost in the composter, and arranged for recyclables to be taken away

when all other cleaning and storing is completed wash off all surfaces

Dishcloths and towels need to be washed and returned to the kitchen soon after Annual Sessions. Grayce Mesner and Kay Drake from Clear Creek Meeting have often volunteered for this task – check with them.

after all other kitchen tasks are complete, mop the floor

only after kitchen cleanup is complete, turn the two LP gas water heaters in the small restroom upstairs to “low”
